

## 1885 Hill Valley Telegraph

Saturday, 27 January 2007

These newspapers were used primarily as background set dressing. Some are being carried by extras on main street or in the saloon. One of the most visible instances is a scene in the Palace Saloon where a gentleman can be seen reading the paper as Marty enters.

This newspaper, September 2, 1885, has multiple pages and is complete with headlines, articles, and ads. One interesting discovery that I made while reading the newspaper is that fragments of some articles are the same as those on the Save the Clock Tower Flyer.
